May 2018

Dear friend of Mt. Carmel School,

A verse of scripture that identifies our efforts this school year with our students is Psalm 86:11; “Teach me Your way, O Lord, I will walk and live in Your truth.” (Amplified Bible). This month we will **graduate 13 seniors**. We have done our best to effectively teach them God’s ways, and now we will see how well they can walk outside the confines of Mt. Carmel School. I believe that many of them will do very well. Please pray that they will walk well and follow God’s leadings in their lives.

We are finishing out this school year with 28 elementary students and 52 middle and high school students. Earlier this month we had an open house and community picnic and invited in prospective parents with their children. It appears quite certain that our **elementary school will grow again** next year. The majority of our **local families need financial assistance**, and I generally send an appeal in the fall for tuition assistance for local families and you respond graciously. I did not do that this last fall, and we are about \$4,000 behind where we usually are in assistance. Would you like to help a needy family catch up? Any funds that are received above the need will be placed into scholarship funds for next school year.

It is also the time of year when we concentrate on **campus improvements** that we want to accomplish over the summer. We are currently working on **two staff housing units**. One is the **Paulo house** and the other is an **apartment in the Annex**. On the Paulo house we have put on a new roof, redone the floors on the main level, redone the bathroom, upgraded the electrical, purchased new windows, and still have some funds on hand. We still need an additional \$5,000 to remodel the kitchen and for new siding. On the Annex we will finish replacing the upstairs windows and putting on new siding this month. Last summer we put a new roof on the building. We have already purchased a new heat and air system and rewired the entire apartment. We still need to remodel the kitchen and bathroom, replace flooring, drywall and paint. We also need to replace the rear emergency exit deck and steps that are rusting out. We need another \$8,000 to finish up this project.

*Work team installing new roof on Paulo house*

On the **library project**, we have everything on hand to finish the main floor internet café, three new offices, and a conference room. The **internet café** should be finished before school is out. We praise God for the improvements that have been made. We still need to finish the **laundry room** for the upstairs guest rooms and do a little more to improve the **bathroom**. We need \$3,500 to finish this upstairs. This building has been given a lot of attention since I have been here at Mt. Carmel School, and it is good to see this being finished. It will still need a new roof to help the appearance, but the current roof is not leaking.

*Internet Café*

If we have time, we want to continue upgrading the **Science Building** which is our main classroom building. We have re-done two classrooms and begun another. There is a lot more that needs to be done, including replacing windows and siding to help the exterior of this building look much better. While this is very important to us, the previous things must be done so that we can bring in the personnel that we need.

*Work team rewiring Annex apartment*

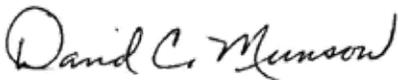

In case you can't tell, we need some **work teams** that have skills and experience in the building trades. This summer we expect several work teams, but we could use more. Already this month we have had a four-man work team and a single person come and help us out. These are deeply appreciated. If you would like to participate in this way, please contact David Munson, Sr. The contact information is in the header of the letter.

Now I want to bring to your attention the **personnel** we need. We are looking for an elementary teacher that is capable of teaching multiple grade levels, and a middle school teacher. On the staff side we need dorm parents, maintenance people, and experienced food service staff. If you would like to be a part of this great ministry, please contact the school. Maybe you cannot come but would like to support someone who does feel God calling. We need support for these people. Right now, there is a need to raise \$800 per month in personnel support for a man who is willing to serve as high school principle and is coming at the end of this month. Thank you for considering this real need.

Finally, I want to bring to you the greatest need that we have. The things I have mentioned previously are important, but this one is vital. We desperately need you to **hold us up in prayer**. I want you to pray for the needs that are mentioned above. More importantly, I want you to pray that God will provide guidance and power for service in this portion of His kingdom work. It is essential that all of us on the faculty and staff keep filled with the Holy Spirit. We must have the students God wants us to have. We are constantly looking for better ways to serve Eastern Kentucky where Christian schooling and revival is desperately needed. You are essential to our success.

Thank you for taking time to hold us up before the Lord. Thank you for giving to advance His work. Thank you for your interest in what God is doing here. If you want to learn more, or see more pictures, or find applications for students or workers, you can check us out on the web at [mchs4u.com](http://mchs4u.com). You can also find us on Facebook ([facebook.com/mchs4u](https://www.facebook.com/mchs4u)).

May God's peace be yours,

David C. Munson, Headmaster

---

## Thank God for the work that's been done at Mt. Carmel School! Let's wrap up some of these projects!

Enclosed is my gift of \$ \_\_\_\_\_ to help with:

- |   |   |
|---|---|
| <input type="checkbox"/> Local student tuition assistance.      | <input type="checkbox"/> Science building.  |
| <input type="checkbox"/> Completion of two staff housing units. | <input type="checkbox"/> Personnel support. |
| <input type="checkbox"/> Completion of library project.         | <input type="checkbox"/> General fund.      |
|   | <input type="checkbox"/> Other _____        |

I will pray for Mt. Carmel School and its ongoing needs.

I am interested in participating in a work team. Contact me.
